

Bullying others isn't ME!

Guided Notes

Bullying is different than conflict. Bullying has two elements that make it different. They are imbalance of power and repeated behavior.

Provide two examples of bullying (answers can come from the word bank or you may provide original examples).

making threats

spreading rumors

What are common ways people cyberbully others?

pretending to be someone else

posting mean or person videos & pictures

How is cyberbullying different than bullying?

follows you everywhere

lasts forever

24/7/365

Word Bank

tattling
imbalance of power

reporting

24/7/365

making threats

lasts forever

pretending to be
someone else

repeated behavior

spreading rumors

follows you everywhere

threatening someone

Posting mean or person
videos and pictures

Reporting is very different than tattling. Label each definition.

Reporting

is when you tell something to help someone in trouble or to stop someone from harming you.

Tattling

is when you tell something someone did to someone, hoping it gets them in trouble.

Bullies and cyberbullies can be charged with a crime in Texas . **True** or False
